prabhu.is-a.dev

Motivated and detail-oriented Computer Science student with a strong foundation in backend development, automation, and algorithmic problem-solving. Proficient in Python, Java, and SQL, with hands-on experience in real-world projects including Google Sheets automation and process optimization. Currently expanding frontend capabilities through React while enhancing problem-solving skills via competitive programming. Exploring cloud services like Firebase and Supabase to build scalable, cloud-integrated applications. Actively learning Jetpack Compose and Kotlin for modern Android development with a mobile-first focus. Committed to building user-friendly, privacy-focused full-stack applications, with a passion for project-based learning and practical implementation over theory.

PROJECTS

personal website

Built a personal website to provide information about my background, skills, and projects.

android apps

Created some basic level android apps and integrated with Firebase tools such as firestore, crashlytics.

SKILLS

- Backend Development (Python; Java; SQL)
- Automation & Google Sheets Scripting; Competitive Programming & Problem Solving
- Cloud Integration (Firebase SupaBase)
- Android Development (Jetpack Compose; Kotlin – Learning)

EDUCATION

HSC

MADRAS CHRISTAIN COLLEGE
SCHOOL
CHENNAI, IN

B. SC. in COMPUTER SCIENCE

AM JAIN COLLEGE
CHENNAI, IN

Currently, pursuing college under
UNIVERSITY OF MADRAS
